Vaccine Coverage Under Medicare Part D

Certain vaccines are covered benefits for SeniorCare Complete and AbilityCare programs under Medicare Part D.

Medicare Part D vaccines must be paid through the pharmacy benefit. South Country Health Alliance (South Country) offers medical providers the following option for billing Medicare Part D vaccines and administration:

- At the time of the clinic visit providers must assist the enrollee/patient with completing the [Shingles Vaccine and Administration Claim Form](#).
- The claim form **must** be mailed or faxed directly to South Country.
- Members/Patients will need provider assistance to complete the form:
 1. Page one contains member/patient information.
 2. Page two contains provider information.
 3. Either the member/patient or provider office can mail/fax the form to South Country.
- Mail or fax the form to:
South Country Member Services
6380 West Frontage Road
Medford, MN 55049
Fax number: 507-431-6328

It is recommended that the provider and member/patient keep a copy of the completed form for their records.

South Country will forward the forms to PerformRx, our pharmacy benefit manager, for processing. Payment will be made directly to the provider's office.

Forms are located at www.mnscha.org/provider, under the Provider>Forms>Miscellaneous tab.
