# D2. Changes to prescription drug coverage

## **Changes to our Drug List**

An updated *List of Covered Drugs* is located on our website at www.mnscha.org. You may also call Member Services at the number at the bottom of the page for updated drug information or to ask us to mail you a *List of Covered Drugs*.

The List of Covered Drugs is also called the "Drug List."

We made changes to our Drug List, which could include removing or adding drugs, changing the restrictions that apply to our coverage for certain drugs.

Review the Drug List to **make sure your drugs will be covered next year** and to find out if there will be any restrictions.

Most of the changes in the *Drug List* are new for the beginning of each year. However, we might make other changes as allowed by Medicare and/or the state that will affect you during the plan year. We update our online *Drug List* at least monthly to provide the most up to date list of drugs. If we make a change that will affect a drug you are taking, we will send you a notice about the change.

If you are affected by a change in drug coverage, we encourage you to:

- Work with your doctor (or other prescriber) to find a different drug that we cover.
  - You can call Member Services at the number at the bottom of the page or contact your care coordinator to ask for a list of covered drugs that treat the same condition.
  - This list can help your provider find a covered drug that might work for you.
- Work with your doctor (or other prescriber) and ask us to make an exception to cover the drug.
  - You can ask for an exception before next year and we'll give you an answer within 72 hours after we get your request (or your prescriber's supporting statement).
  - o To learn what you must do to ask for an exception, refer to **Chapter 9** of your *Member Handbook* or call Member Services at the number at the bottom of the page.
  - If you need help asking for an exception, contact Member Services or your care coordinator.
     Refer to Chapters 2 and 3 of the Member Handbook to learn more about how to contact your care coordinator.
- Ask us to cover a temporary supply of the drug.

- In some situations, we cover a **temporary** supply of the drug during the first 90 days of the calendar year.
- This temporary supply is for up to 30 days. (To learn more about when you can get a temporary supply and how to ask for one, refer to Chapter 5 of your Member Handbook.)
- When you get a temporary supply of a drug, talk with your doctor about what to do when your temporary supply runs out. You can either switch to a different drug our plan covers or ask us to make an exception for you and cover your current drug.
- Most current formulary exceptions will still be covered in 2025, with exceptions for opioid drugs and specialty drugs. If you have questions about whether your current exception will carry over into 2025, please call Member Services.

We currently can immediately remove a brand name drug on our *Drug List* if we replace it with a new generic drug version and with the same or fewer rules as the brand name drug it replaces. Also, when adding a new generic drug, we may also decide to keep the brand name drug on our *Drug List*, but immediately add new rules.

Starting in 2025, we can immediately replace original biological products with certain biosimilars. This means, for instance, if you are taking an original biological product that is being replaced by a biosimilar, you may not get notice of the change 30 days before we make it or get a month's supply of your original biological product at a network pharmacy. If you are taking the original biological product at the time we make the change, you will still get information on the specific change we made, but it may arrive after we make the change.

Some of these drug types may be new to you. For definitions of drug types, please refer to **Chapter 12** of your *Member Handbook*. The Food and Drug Administration (FDA) also provides consumer information on drugs. Refer to the FDA website: www.fda.gov/drugs/biosimilars/multimedia-education-materials-biosimilars#For%20Patients. You

may also contact Member Services at the number at the bottom of the page or ask your health care provider, prescriber, or pharmacist for more information.

# Changes to prescription drug costs

As part of the Value-Based Insurance Design (VBID) program for 2025, AbilityCare is waiving cost sharing for all Part D drugs across all benefit phases.

The following table shows your costs for drugs in each of our 2 drug tiers.

# E. Choosing a plan

# E1. Staying in our plan

We hope to keep you as a plan member. You do not have to do anything to stay in our plan. If you do **not** change to another Medicare plan or change to Original Medicare, you automatically stay enrolled as a member of our plan for 2025.

# E2. Changing plans

Most people with Medicare can end their membership during certain times of the year. Because you have Medical Assistance, you may be able to end your membership in our plan or switch to a different plan any month of the year.

In addition, you may end your membership in our plan during the following periods:

- The **Annual Enrollment Period**, which lasts from October 15 to December 7. If you choose a new plan during this period, your membership in our plan will end on December 31 and your membership in the new plan starts on January 1.
- The **Medicare Advantage (MA) Open Enrollment Period**, which lasts from January 1 to March 31. If you choose a new plan during this period, your membership in the new plan will start the first day of the next month.

There may be other situations when you are eligible to make a change to your enrollment. For example, when:

- you have moved out of our service area,
- your eligibility for Medical Assistance or Extra Help has changed, or
- if you recently moved into or are currently getting care in an institution (like a skilled nursing facility or a long-term care hospital). If you recently moved out of an institution, you can change plans or change to Original Medicare for two full months after the month you move out.

#### Your Medicare services

You have three options for getting your Medicare services listed below any month of the year. You have an additional option listed below during certain times of the year including the **Annual Enrollment Period** and the **Medicare Advantage Open Enrollment Period** or other situations described in Section E2. By choosing one of these options, you automatically end your membership in our plan.
