## Introduction

This *Provider and Pharmacy Directory* includes information about the provider and pharmacy types in SeniorCare Complete (HMO D-SNP) and AbilityCare (HMO D-SNP) and listings of all the plan's providers and pharmacies as of the date of this Directory. The listings contain address and contact information as well as other details such as days and hours of operations, specialties, and skills. Key terms and their definitions appear in alphabetical order in the last chapter of the *Member Handbook*.

All providers in this directory accept both Medical Assistance and Medicare, unless otherwise noted.

Enrolling in this health plan does not guarantee you can use a particular provider on this list. If you want to make sure, call that provider to ask if he or she is still part of this health plan. Also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract or *Member Handbook* carefully to find out what is covered.

## B. Background Information about SeniorCare Complete's / AbilityCare's Network Providers

---

### B1. Key terms

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS), supplies, prescription drugs, equipment, and other services.
  - o The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may use as a SeniorCare Complete / AbilityCare member.
  - o Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a doctor, physician assistant, or nurse practitioner who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - o **Oncologists** care for patients with cancer.
  - o **Cardiologists** care for patients with heart conditions.
  - o **Orthopedists** care for patients with certain bone, joint, or muscle conditions.
- You may need a **prior authorization** for specific services, items, drugs, or out-of-network providers. A **prior authorization** is different than a referral. It means that **SeniorCare Complete / AbilityCare** must give you approval before we will cover a specific service, item, or drug or an out-of-network provider. If you don't get a prior authorization, SeniorCare Complete / AbilityCare may not cover the service, item, or drug.
  - o Prior authorization are **not** needed for:
    - emergency care;
    - urgently needed care;
    - kidney dialysis services that you get at a Medicare-certified dialysis facility when you are outside the plan's service area; or
    - services from a women's health specialist.
  - o Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a prior authorization. We must pay the Indian health provider for those services even if they are out of our plan's network.
  - o More information on prior authorization is available in Chapter 3 of the *Member Handbook*.

*This section is continued on the next page*

- You will also be assigned a care coordinator. Your care coordinator will work with you to develop your care team based on your needs and preferences. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your care team may include:
  - o A **care coordinator** that helps you manage your medical providers and services.
  - o Your **primary care provider**
  - o Authorized family members, responsible parties, or guardians
  - o Your care coordinator will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you will get connected with the right provider to help you with your concerns.

## **B2. Wait times for primary care and behavioral health**

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that are not an emergency or urgently needed, but you require medical attention;
- within 30 days for routine and preventative care.

## **B3. How to choose a Primary Care Provider (PCP)**

First, you should choose a Primary Care Provider (PCP). You can choose any PCP in our network who is accepting new members.

To choose a PCP, refer to the list of providers in Section C and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.
- If you do not choose a PCP in our network, SeniorCare Complete / AbilityCare will choose one for you.
- If you want help in choosing a PCP, please call Member Services at the numbers listed at the bottom of this page. Hours of Operation: October – March, 7 days a week, 8 a.m. - 8 p.m.; April – September, Mon. – Fri., 8 a.m. - 8 p.m. The call is free. Or, visit [www.mnscha.org](http://www.mnscha.org).
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Member Services at the numbers listed at the bottom of this page and ask **before** you get the service or care.

## **B4. Long-term Services and Supports (LTSS) providers**

As a SeniorCare Complete / AbilityCare member, you will be able to get Long-term Services and Supports (LTSS) if you need them, such as services provided by the Elderly Waiver (EW) program. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

*This section is continued on the next page*

**If you have questions**, please call SeniorCare Complete / AbilityCare at 1-866-567-7242, TTY users call 1-800-627-3529 or 711. ## **B5. How to access SeniorCare Complete's / AbilityCare's network providers**

You must get all of your covered services from providers within our network. If you use providers who are not in SeniorCare Complete's / AbilityCare's network **(without prior authorization), you may have to pay the bill.**

A **prior authorization** is an approval from SeniorCare Complete / AbilityCare to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if SeniorCare Complete / AbilityCare gives you permission first.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider.
- SeniorCare Complete / AbilityCare works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and are not sure if they offer the accommodations you need, SeniorCare Complete / AbilityCare can help you. Talk to your care coordinator for assistance.

## D. Background Information about SeniorCare Complete's / AbilityCare's Network Pharmacies

---

This Directory lists the pharmacies that you may use to get your prescription drugs. These are referred to as **network pharmacies** in this Directory. These network pharmacies are pharmacies that **participate in and accept** SeniorCare Complete's / AbilityCare's and have agreed to provide prescription drugs to you as a member of the plan.

We also list pharmacies that are in our network but are outside the county in which you live. You may also fill your prescriptions at these pharmacies. Please contact SeniorCare Complete / AbilityCare at 1-866-567-7242, TTY users call 1-800-627-3529 or 711. Hours of Operation: October – March, 7 days a week, 8 a.m. - 8 p.m.; April – September, Mon. – Fri., 8 a.m. - 8 p.m., for additional information. The call is free.

SeniorCare Complete / AbilityCare members must use network pharmacies to get prescription drugs except in emergency or urgent care situations.

- If you use an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out-of-pocket for the service.
- Read the SeniorCare Complete or AbilityCare *Member Handbook* for more information.

This Directory may not list all network pharmacies. We may have added or removed some network pharmacies from our plan we published this Directory.

For up-to-date information about SeniorCare Complete and AbilityCare network pharmacies in your area, please visit our website at [www.mnscha.org](http://www.mnscha.org) or call Member Services at the number at the bottom of this page. Hours of Operation: October – March, 7 days a week, 8 a.m. - 8 p.m.; April – September, Mon. – Fri., 8 a.m. - 8 p.m. The call is free.

### D1. Types of pharmacies in SeniorCare Complete's / AbilityCare's network

Along with retail pharmacies, your plan's network of pharmacies includes:

- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.
- Indian Health Service/Tribal/Urban Indian Health Program (I/T/U) Pharmacies.
- Chain pharmacies (retail pharmacies under the same name with multiple locations)

You are not required to continue using the same pharmacy to fill your prescriptions.

### D2. Long-term supplies of prescriptions

- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a 90-day supply of *some* covered prescription drugs. A 90-day supply has the same copay as a one-month supply.
